**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We are not interested in price hikes that will increase the cost of internet and telephone services.

Broadband/fiber is something weve come to rely on for our TV service, telephone service, and internet connectivity.

We now have fiber today but were previously connected with competitive DSL. Fiber is competitively priced and provides a much better user experience, especially for TV and data uploads.

We dont want to go backwards and dont want our prices to be jacked up. Please allow for competitors like Sonic to continue serving us residential customers. We dont want to be forced to go back to using AT&T or Comcast.
